

FRATA

Aviation Obstruction Light Medium Intensity - Solar

FRATA's Part Number: 2064

Specifications:

Standard:

FAA (USA): L-864

COMAER (Brasil): 1424/GC3

Light Intensity: 2.000 cd

Light Source: LED Red - 100.000 hours

Flash Rate: 20 Flashes/min

Light Beam: 360 ° Horizontal

Day/Night Sensor: Included

Protection: IP65

Weight: 3.8 kg

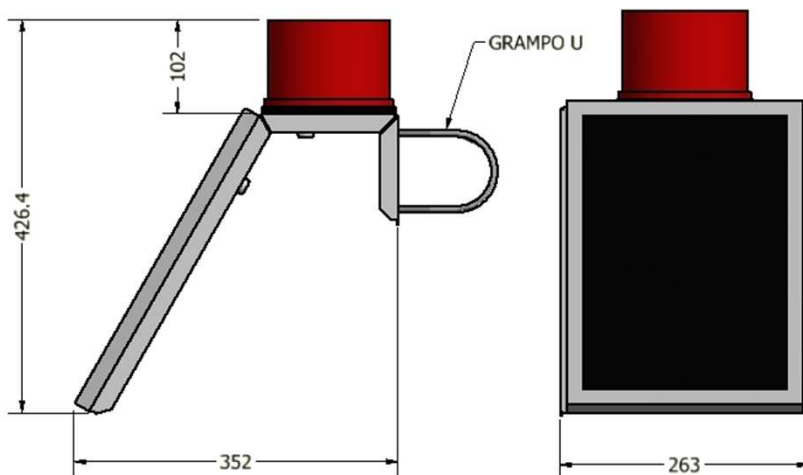

Operating Temperature: -10 °C ~ + 55 °C

Enclosure: Aluminium, Polycarbonate (UV Protection),
Carbon steel with galvanizing and electrostatic painting

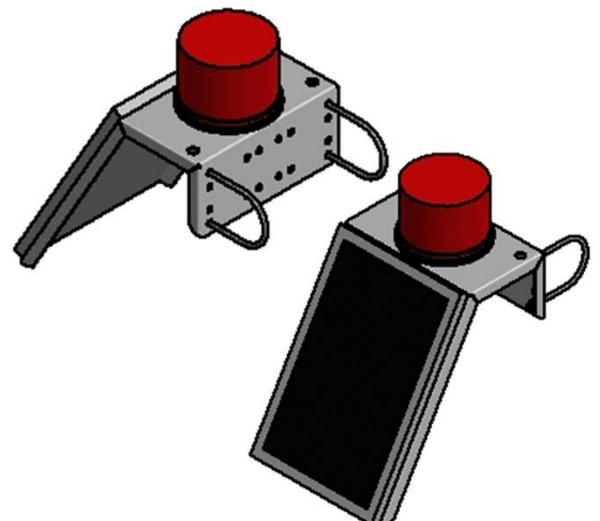

Power: 10W solar panel

Battery: Lithium-ion

Autonomy: 3 days (in cloudy and rainy weather)

NOTE: Dimension in mm
