

High-Intensity Beacon – Type B

FRATA's Code : 4254

Technical Data:

- **Regulation:** COMAER 1424-GC3
- **Luminous Intensity:**
 - 100.000 cd - Day
 - 20.000 cd - Twilight
 - 2.000 cd - Night
- **Light Source:** LED 100.000 hours
- **Color:** White
- **Day / Night Sensor:** Yes
- **Operating Frequency:** 20 pulses per minute
- **Light Beam:** 360° Horizontal
- **Protection Rating:** IP65
- **Operating Temperature:** -10°C ~ +55°C
- **Chassis:** Fiberglass and anodized aluminum body; galvanized and painted carbon steel base; polycarbonate lens with UV protection
- **Dimensions:** 392 mm (height) x Ø315 mm

Control Box:

- **Dimensions:** H 380 x L 380 x P 210 mm
- **Material:** Galvanized steel
- **Finish:** Gray electrostatic powder coating (RAL 7032)
- **Protection Rating:** IP65
- **Power Supply:** 90 ~ 240 Vac
